After I approve your interview: You will be placed on my waiting list in order of approval

Contracts are signed when the puppy goes home. A copy of my contract will be emailed to you prior to picking up your puppy. Please read it carefully and ask any questions you may have.

I always reserve the right to decide who receives one of my puppies. Finding the right home for each puppy is of utmost importance to me.

I will be the one choosing which puppies go to which homes. I require a Bio from you once you have sent in a deposit. This information will be used to match a puppy's personality with your life style and home environment. I do puppy personality testing as well as following each puppy individually from the day they are born. All puppies wear different colored collars and are tracked and observed by their collar. This process has proven over time to be the most successful way to place puppies in homes well suited to their individual temperaments.

If none of the puppies available are suitable for your needs, you may wait for the next litter or go to another breeder. I am always happy to make referrals to other reputable breeders.

Puppies usually will go home around 8 weeks.

Again, please note:

All puppies go to companion homes on a spay/neuter agreement where they are a cherished member of the family

I DO NOT SELL OUTSIDE THE USA/CANADA

I DO NOT SELL PUPPIES TO BREED OR TO SHOW HOMES
